An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with David Weinstein on 5 September 2006. Applicant agreed to amend step (d) of claim 1 to refer to a "decision rule" rather than a "category selector".

The application has been amended as follows:

Claim 1 was amended as follows:

1. A method for the determination of a disease state in a human subject, said method comprising the steps of:

(a) measuring at least one optical property at a first area on a body part of said human subject to obtain a first set of data, said first area being subjected to a first temperature program;

(b) measuring at least one optical property at a second area on said body part to obtain a second set of data, said second area being subjected to a second temperature program, said second temperature program being different from the first temperature program, said second area of said body part being morphologically similar to, adjacent to, but not substantially overlapping with said first area of said body part;

(c) inserting said first set of data and said second set of data into a mathematical relationship to calculate a mathematical output; and
